

Marshbrook First School Homework Policy February 2015

1 Introduction

- 1.1** Homework is anything children do outside the normal school day that contributes to their learning, in response to guidance from the school. Homework encompasses a whole variety of activities instigated by teachers and parents to support the children's learning. For example, parents who spend time reading stories to their children before bedtime are helping with homework.

2 Rationale for homework

- 2.1** Homework is a very important part of a child's education, and can add much to a child's development. We recognise that the educational experience that any school by itself can provide is limited by the time and resources available; children can therefore benefit greatly from the complementary learning that they do at home. We see homework as an important example of cooperation between teachers and parents. One of the aims of our teaching is for children to develop as independent learners, and we believe that doing homework is one of the main ways in which children can acquire the skill of independent learning.
- 2.2** Homework plays a positive role in raising a child's level of attainment. However, we also acknowledge the important role of play and free time in a child's growth and development. While homework is important, it should not prevent children from taking part in the activities of various out-of-school clubs that play an important part in the lives of our pupils.

3 Aims and objectives

- 3.1** The aims and objectives of homework are:
- to enable pupils to make maximum progress in their academic and social development;
 - to help pupils develop the skills of an independent learner;
 - to promote cooperation between home and school in supporting each child's learning;
 - to enable all aspects of the curriculum to be covered in sufficient depth;
 - to provide educational experiences not possible in school;
 - to consolidate and reinforce the learning done in school, and to allow children to practice skills taught in lessons;
 - to help children develop good work habits for the future.

4 Types of homework

- 4.1** Staff and pupils regard homework as an integral part of the curriculum - it is planned and prepared alongside all other programmes of learning.
- 4.2** We set a variety of homework activities.

In all year groups we give children books to take home and read with their parents or independently depending upon age and ability. We give guidance to parents on achieving the maximum benefit from this time spent reading with their child.

In EYFS ideas for games and activities are provided on a regular newsletter and parents are invited into school for open mornings to find out what their child has been doing and participate in a number of activities alongside their child.

Children are also given tricky words to learn along with phonic activities which are linked to the sounds they are learning in class.

In Key Stage 1 children are also given weekly spellings to learn at home along with a weekly numeracy game or task (Year 1 start this in January).

At Key Stage 2 we continue to give children the sort of homework activities outlined above, but we expect them to do more tasks independently. We set spelling and numeracy homework routinely each week, and we expect the children to consolidate and reinforce the learning done in school through practice at home.

- 4.3** Sometimes we ask children to talk about or in KS2 to research a topic at home prior to studying it in school. Sometimes we ask children to find and collect things that we then use in lessons, and occasionally we ask children to take home work that they have started in school, when we believe that they could benefit from spending further time on it. When we ask children to study a topic, or to research a particular subject, we encourage them to use not only the school library but also the local library, as well as the Internet.
- 4.4** Homework is marked according to the general school marking policy. Homework completed well is acknowledged and praised. There may be issues arising from the work, which the teacher will follow up in lesson time.
- 4.5** We recognise that children have individual learning styles, which means that some tasks can be completed in a number of different ways, while others demand a particular approach.

5 Amount of homework

- 5.1** As they move through the school, we increase the amount of homework that we give the children. We expect children in Key Stage 1 to spend approximately one hour a week doing homework, although this may well include reading with a parent. We expect children in years 3 and 4 to spend approximately one and a half hours per week on homework. This is in line with the DfES guidelines that were issued in 1998.
- 5.2** We give all our pupils a diary where parents, teachers and on occasion, teaching assistants make any relevant comments about homework completed, including reading.

6 Inclusion and homework

- 6.1** We set homework for all children as a normal part of school life. We ensure that all tasks set are appropriate to the ability of the child, and we endeavour to adapt any task set so that all children can contribute in a positive way. When setting homework to pupils who are named on the register of special needs, we refer to those pupils' Individual Education Plans (IEPs). We also value and celebrate the cultural diversity of our pupils and their families, and we appreciate the enrichment that this brings.

7 The role of parents

- 7.1** Parents have a vital role to play in their child's education, and homework is an important part of this process. We ask parents to encourage their child to complete the homework tasks that are set. We invite them to help their children as and when they feel it to be necessary, and to provide them with the sort of environment that allows children to do their best. Parents can support their child by providing a good working space at home, by enabling their child to visit the library regularly, and by discussing the work that their child is doing.
- 7.2** We ask parents to check the home-school diary at least once a week, and to sign/comment in it as requested.
- 7.3** If parents have any questions about homework, they should, in the first instance, contact the child's class teacher. If their questions are of a more general nature, they should contact the headteacher. Finally, if they wish to make a complaint about the school homework policy, or the way it is implemented, parents should contact the governing body.

8 Use of ICT

- 8.1** The use of ICT and the Internet has made a significant contribution to the amount of reference material available at home, and the ease and speed with which it can be accessed. However, our teachers expect their pupils to produce their own work, perhaps by editing something they have found, or by expressing it in their own words. The children are not achieving anything worthwhile by merely downloading and printing out something that has been written by somebody else.
- 8.2** There are many websites containing highly educational material which can have a powerful effect on children's learning. Our school website provides links to some sites which will support the children's learning. Parents are advised always to supervise their child's access to the Internet.
- 8.3** We discourage children from bringing computer memory sticks to school, because of the risk of viruses. However, when appropriate, a teacher might suggest that a child's work is e-mailed to the teacher at school.

9 Monitoring and review

- 9.2** It is the responsibility of the headteacher and governing body to agree and then monitor the school homework policy. This is done by the committee of the governing body that deals with curriculum issues. Parents complete a questionnaire each year, and during the school's Ofsted inspection, and our governing body pays careful consideration to any concern that is raised by any parent. Our governing body may, at any time, request from our headteacher a report on the way homework is organised in our school.
- 9.3** This policy will be reviewed in three years, or earlier if necessary.
