Acceptable Use Policies

As the use of online services and resources grows, so has awareness of the risks and potential dangers which arise from the use of communications technology and the internet. Those risks are not confined to the use of computers, they may also arise through the use, for example, of games consoles and mobile phones.

There is an expectation that schools will have in place appropriate policies and strategies to promote the safety of learners in their care both when they are in the school and when they are elsewhere.

The following are the Acceptable Use Policies for Marshbrook First School and they should be read in conjunction with the E-safety policy and the ICT Security Policy. Further guidance can be obtained from the Staffordshire County Council's Acceptable Use Policy for all Council Staff.

AUP for learners in Early Years and KS1

I want to feel safe all the time.

I agree that I will:

- always keep my passwords a secret
- only open pages which my teacher has said are OK
- only work with people I know in real life
- tell my teacher if anything makes me feel scared or uncomfortable
- make sure all messages I send are polite and sensible
- show my teacher if I get a nasty message
- not reply to any nasty message or anything which makes me feel uncomfortable
- only email people I know or if my teacher agrees
- talk to my teacher before using anything on the internet
- not tell people about myself online (I will not tell them my name, anything about my home and family and pets)
- not load photographs of myself onto the computer
- never agree to meet a stranger
- not use Internet chat

I understand that if I deliberately break these rules, I could be stopped from using the Internet or the computers.

Anything I do on the computer may be seen by someone else
